EDUCATION

Srednja šola Ravne na Koroškem
COMPUTER SCIENCE
YEARS 2015-2019

- Basics of computers
- Learned programming basics and started to learn on my own
- Average grade of 4.5/5

Fakulteta za Racunalnistvo in Informatiko FRI
COMPUTER SCIENCE
YEARS 2019-PRESENT

PERSONAL PROJECTS

Bolsago   2019

Bolsago allows viewing the bus relations adapted for different sizes of screens.
I made this project because the current official implementation does not adapt to different screen sizes (hides inputs, ...)
The app is also available on mobile devices. Made with Flutter.

Technologies used   HTML, JavaScript, jQuery, Ajax, CSS, Flutter

NetYeet   2018

Social network made from scratch as my graduation project.
Allows of creation of users, account editing, posting, following, commenting, replying, etc.

Technologies used   HTML, JavaScript, jQuery, Ajax, CSS, PhpMyAdmin, MySQL

SŠRavne LAN Party   2018

Website made for a LAN Party that took place in 2018 on a High School. It allowed for teams to sign up on the tournament and the display of brackets.

Technologies used   HTML, JavaScript, jQuery, Ajax, CSS, PhpMyAdmin, MySQL

You can view all projects and interact with them on my website https://byicee.me/
